A detailed illustration of a large, orange, tapered root vegetable, likely a carrot, standing upright. It has a thick, textured orange body and a cluster of vibrant green, feathery leaves at the top. The carrot is partially embedded in a bed of white, granular material, possibly sand or soil. A small, delicate yellow flower with several petals is visible near the base of the leaves.

sodc

Sbolle

il vost

Se vol

A detailed illustration of a red and yellow beetle crawling on a yellow pear. The beetle has a vibrant red shell with distinct yellow stripes and black spots. Its body is yellow with red legs and antennae. It is positioned above a large, ripe yellow pear with a brown stem. The pear has a textured surface with small brown spots. In the background, there are some green leaves.
